Mr. Chas Tevis
Josam Company
2501 S. Front Street
Philadelphia, PA 19148

Dear Mr. Tevis:

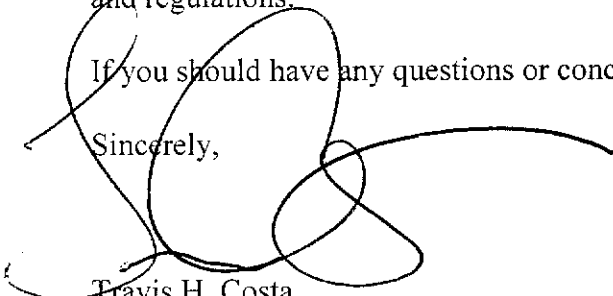

The Narragansett Bay Commission (NBC) has reviewed your literature and accompanying video pertaining the Josam Grease Recovery Device (GRD)-60300 A Series and the Grease Monitor, which was received on May 13, 2003. The NBC has decided to incorporate the Grease Recovery Device information into the NBC's List of Acceptable Grease Removal Equipment (copy enclosed). Please note the NBC does not recommend any companies and/or equipment to its users. Although the information pertaining to the grease monitor was not included in this list does not exclude its use as a grease recovery accessory. Please note, the NBC does not recommend or endorse companies and/or equipment to its users

Acceptance of this information by the NBC does not constitute any form of guarantee or insurance with respect to the performance of the equipment and processes reviewed.

Any review of product information/literature conducted by the NBC is for the sole purpose of determining compliance with the technical provisions of State, Federal and NBC regulations. The NBC does not assume responsibility for means, methods or techniques used, or for the safety of construction works, the site, or for compliance by users with any other applicable laws and regulations.

If you should have any questions or concerns, I may be contacted at (401) 461-8848, ext. 483.

Sincerely,

Travis H. Costa
Pretreatment Technician
