bar grating vinylester fiberglass	39.4	9.0	152040	146.3	34.0
locking mechanism	-	-	154127	-	0.4

for U2000 (4 pieces / per full section)

Note

**⚠ WARNING: Cancer and Reproductive Harm - [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov)**

**Lock Bar System:** Locking bar with stainless steel hardware designed to secure grate into preformed areas of channel. 2 locking mechanisms per 39.4" required.

### Applications

#### Commercial Kitchens

- 8" interior width and 11-15" depth prevents kettle drain down from flooding floor.
- Select Stainless Steel Mesh grating for strong, long lasting, easy to sanitize top.

#### Aquaculture Facilities

- Smooth interior surface and radiused bottom keeps standing water to a minimum.
- Select Vinylester Fiberglass Bar grate for metal-free, corrosion resistant top.
