NOTES

## Installing JOSAM Products Using the JIFFEE-JOINT Gasket.

1. Set drain body to the proper height over pipe.
2. Level and support in place.
3. After coating gasket and inside of drain with a gasket lubricant, slip gasket over pipe and press down as far as possible by hand.
4. Placing a caulking tool in groove at top of gasket, drive the gasket down flush with the pipe top – no further. You have made a perfect joint.
