

About MEA-JOSAM

Josam Company, Michigan City, Indiana

Josam Company

For many years, Josam has been a leader in the manufacturing of specification drainage products. Recognized for producing innovative products to meet the ever changing landscape, we specialize in the design, procurement and installation of our products for the plumbing and drainage industry.

MEA, Zelhem, Holland

MEA-Group

MEA-Group is an established supplier to the construction and drainage sectors of Europe. Technological expertise in the processing of polymer concrete, fiberglass, metal and hot-galvanizing are the foundation for MEA-Group's success in the channel drainage industry.

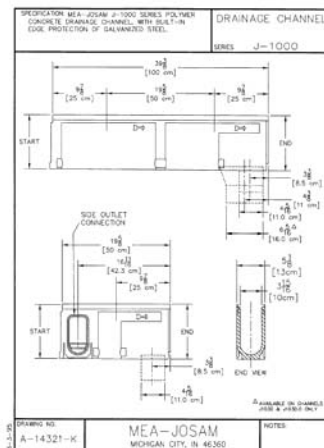

MEA-Josam

In 1995 Josam began offering the MEA-JOSAM line exclusively to the United States market. This product added another type of trench drain to their already robust line of cast iron and stainless steel trench drains. MEA-JOSAM provides both standard and customized trench drains in a variety of materials including polymer concrete, fiberglass and much more.

In addition, the MEA-JOSAM line of trench drains are available in many widths and depths for various application

solutions and unlimited grate combinations. Products are easy to install and require minimal maintenance.

For an engineered trench drain you can trust, contact MEA-JOSAM, specializing in both solutions and service. We pride ourselves in offering a dedicated and knowledgeable customer service team. Each product expert is highly trained to provide the optimum solution for every project requirement.
