

Celebrating **JOSAM** *100 Years!*

Some things never change ...

Even after 100 years Josam remains a leader, providing innovative quality plumbing and drainage products to the industry. We are thankful for the engineers, mechanical contractors and wholesalers in the plumbing industry that have supported our company and allowed us to grow and be your drainage company of choice.

1914

- Ford Motor Company announces an 8 hour work day and minimum wage of \$5.00 for a day's labor
- Average house cost is \$6,156.00
- Joe Hirshstein and Sam Goldman start Josam Manufacturing Company and introduce quality plumbing/drainage products to the industry

2014

- Federal minimum wage for an 8 hour day is \$58.00
- Average house cost is \$134,695.00
- Under current ownership since 1987, Josam Company continues to manufacture quality and innovative plumbing drainage products

Stop by Josam booth 1821 at this year's ASPE Convention to take a look at some Josam historical memorabilia and see our latest product innovations.
