

Superior Packaging, Labeling and Shipping

Jobsites can be chaotic and Josam Company recognizes that receiving, identifying and matching up incoming products can take a considerable amount of time which adds to labor costs and reduces profits. In particular, drains and carriers often require multiple components which are time consuming to assemble and often times lead to lost parts.

Josam Company ships its products pre-packaged, labeled with part numbers, and partially assembled at no extra charge!

JOSAM PRE-PACKAGED, TAGGED, AND PARTIALLY ASSEMBLED PRODUCT SAVES TME AND LABOR!

Each item is individually wrapped and upon request tagged with specific product designations for easy on-site identification and transportation

Shrink wrapping protects product from harsh weather conditions and reduces lost parts

All Josam shrink wrap material is environmentally friendly and biodegradable

Josam understands that reducing labor hours on a project can significantly add to your company's profitability. Josam's unique packaging and labeling system reduces the time that your onsite personnel spends identifying, handling, and keeping track of every shipment received.

Save time from this...

Reduce man hours spent receiving and identifying drains

...and settle for nothing less than Josam's packaged products
