

TRENCH DRAIN SOLUTIONS

Josam's Pro-Plus Trench Drain System

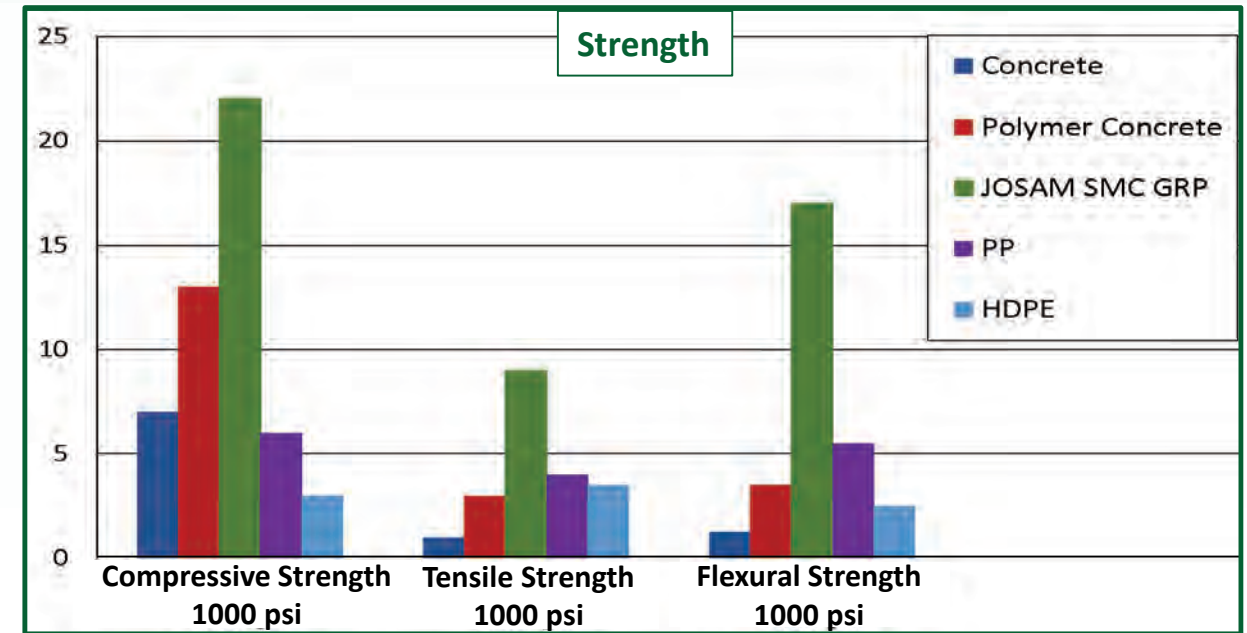

Made of glass-reinforced polyester pressed from sheet molded compound that is 1.5 times STRONGER and 70% LIGHTER than polymer concrete.

Specify Josam's trench drain system with confidence, knowing you specified a high quality, superior product that owners will be satisfied with and contractors will find easy to install.

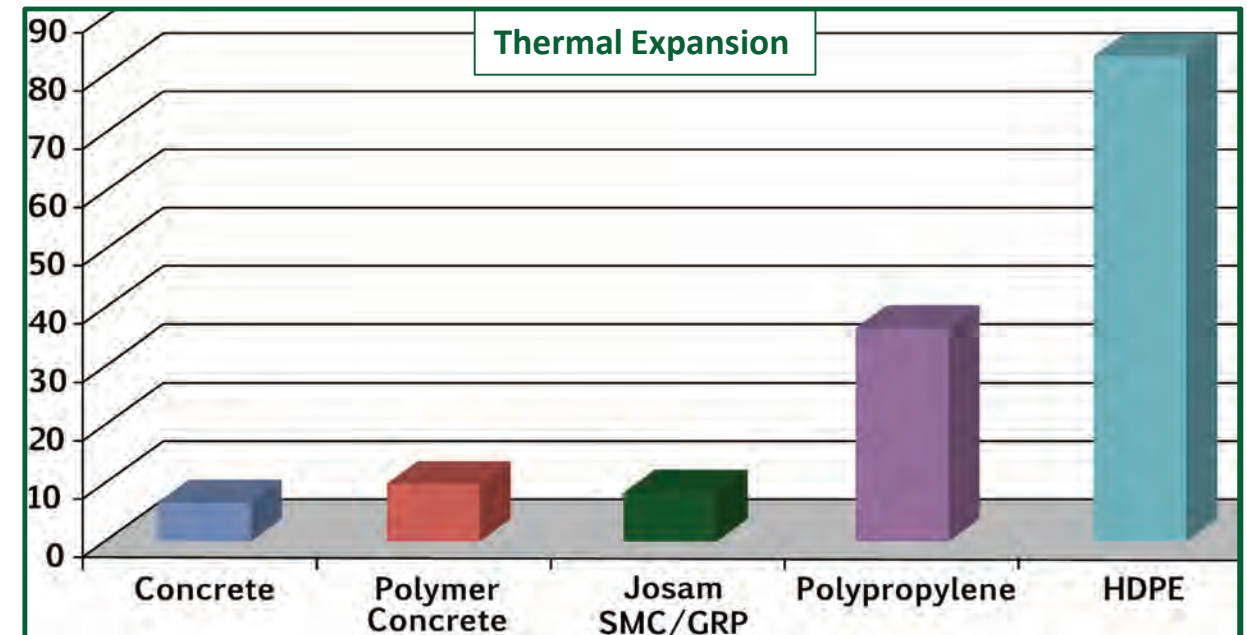

- Withstands high fluid temperatures up to 212°F continuous and 392°F intermittent
- Shatterproof and extremely resistant to abrasion
- Available with/without slope
- 4", 8", & 12" nominal interior width
- Variety of grating options
- Load class A-F (Up to class E without a rail)

PROVEN QUALITY

COEFFICIENT OF THERMAL EXPANSION – The rate at which the material expands and contracts due to temperature changes.

COMPRESSIVE STRENGTH – The ability to resist linear (vertical loads)
 TENSILE STRENGTH – The ability to resist vertical separation forces
 FLEXURAL STRENGTH – The ability to resist bending stresses
