

LABOR-**SAVING** WATER CLOSET CARRIERS

Designed With Advantages That **MAKE INSTALLATIONS SIMPLE**

Josam's complete line of water closet carriers are offered with three bowl connection options including a **Tapered Thread Extension (-PF)**, **O-Ring Extension (-OR)**, and a **Compression Ring Extension (-CR)** in either a Standard or Pre-Fab carrier package.

The labor-saving Pre-Fab carriers feature feet specially designed for angle iron or Unistrut mounting and when specified, can be pre-assembled prior to project site delivery, making installations quick and easy, while saving time and money.
