

NON-COMPLIANCE TO GOVERNMENT FUNDED WORK COMES WITH CONSEQUENCES

JOSAMTM

Full-Compliance

- Fully capable of providing 100% domestic products
- All castings produced in U.S. foundries for stimulus funded projects
- We recognize and abide by the fact that adding the cost of machining, galvanizing or painting to a foreign casting does not constitute compliance
- Certification provided for projects requiring domestic content

Choosing Josam's products for your Stimulus Funded, ARRA, Buy America or PA Steel Act projects will eliminate any consequences associated with non-compliance. For more information on 100%, 75% and 51% domestic requirements please visit our website at **www.Josam.com**.

Notification of domestic content requirements must be provided at the time of order entry.
