3/4", 5/16", 3", 6", 8", 12" and 16" widths
With and Without Slope

Josam Company recognizes that applications vary from project to project and thus the products required to suit these applications also vary. Josam Company's diverse and complete line of trench drain products offer specifying engineers a trench drain solution to most all project requirements. Our trench drain systems offer products manufactured from either glass reinforced polyester pressed from sheet molding compound, cast iron or stainless steel. Each product range offers a wide variety of standard features and options, along with the ability to customize products to accommodate the simplest to most intricate applications. For more information on Josam Company's complete range of trench drain systems please contact your local Josam representative or visit our website at **www.JOSAM.com**.
