Dear Mr. Holloway:

This is to inform you that we are extremely pleased with the GI-2000 Grease Interceptor that your company has provided to the George W. Hill Correctional Facility. In particular, your engineer, Chas Tevis has provided outstanding, dependable service and technical expertise whenever his assistance was required. Any questions or concerns at the facility have been handled efficiently and professionally.

I would just like to thank you and your staff for a job well done.

Sincerely,

John D. Caulfield
Warden

JDC/sr
